**PASSWORD:**        **You need your password in order to access your account information and to make changes. If you forget or lose your password, call the 877 number and you will be prompted to enter your social security number. After asking for your 4-digit personal identification number, you may select #1 to generate a PIN confirmation. You will then be further prompted to enter your 5-digit zip code and informed that your PIN will be mailed to your address on record.**

**You may change either your PIN or User Name (from your social security number) at any time after you have gained access to the system.**
